

Mark your place in the most comprehensive guide to North American composite panel and decorative surfacing products.

Design Portfolio: The annual Buyers Guide of the Composite Panel Association. A special insert in **FDMC** March 2026, with expanded distribution.

Targeted to the architect and design community, and fabricators of composite panel products, the Composite Panel Association's Design Portfolio will highlight the sustainability, creativity, durability, and machinability of these products.

The Buyers Guide will include:

- Environmental benefits of working with composite panels.
- Designing with decorative surfaces and panels.
- Product descriptions and uses.
- Fabricating tips and techniques.
- Detailed specification charts for panels and surfaces.
- Member portfolio: Sources and supply information.

Include your full- or half-page ad on the pages of the 2026 Design Portfolio!

Expanded distribution and exposure for your brand includes:

The 2026 Design Portfolio - CPA's Buyers Guide - will appear in the print and digital editions of March **FDMC**, **reaching more** than 65,000 wood manufacturing professionals across several industry sectors, including cabinetry, furniture, retail fixtures, closets, flooring, and more.

- Expanded coverage in the March/April digimag of **Closets & Organized Storage** magazine.
- Expanded coverage online as a Special Edition on WoodworkingNetwork.com. WoodworkingNetwork.com averages approximately 350,000 pageviews per month.
- Expanded coverage on CPA's website, CompositePanel.org.
- Audience Engagement: Ongoing digital, social, and print promotional efforts to the Woodworking Network audience and A & D community.

Book your ad now in the
